**Re: Rider University Basketball Practice Facility**

Dear Greg:

As we near completion of construction, I wanted to write to compliment your company on a job well done. It has been a pleasure working with you and everyone at V. J. Scozzari & Sons, Inc. Throughout the design and construction, you demonstrated commitment to providing a quality project and paying attention to detail while coordinating all aspects of the work.

With the day-to-day activities that keep us all so busy there never seems to be a moment to stop and reflect upon accomplishments. I wanted to take a moment to commend you and your staff on completing Rider University's Basketball Practice Facility project in a timely, professional manner and on budget.

The entire job, from planning to completion and close out, was done efficiently, quickly and was of superior quality and workmanship. Your interest in doing the job right was noticed and appreciated, and you always had the University's best interests in mind.

The performance of your entire team, including Karen Curtiss and Bert Decowski, along with your support staff was exceptional. This is definitely a credit to your organization.

Best wishes for your continued success.

Very truly yours,

Don Harnum  
Director of Athletics
